Ready to tune into Sing a Story?

Sing a Story is an 8-week music and storytime program for 2 to 5 year olds, with their grown-ups. Each 30-minute session explores one overarching theme, bringing together three picture books presented in beautiful and unexpected ways - think sung stories, pop-up books choreographed to music, musical accompaniment to beautiful poems, and other creative storytelling techniques. Each picture book is then paired with hands-on musical activities.

Children (AND their grownups!) have been completely captivated by this offering, with the series building a loyal following of families coming back week after week.

The structure of each 30-minute session is as follows:

Circle song exploring musical elements of fast and slow

Picture book to establish the theme of the day

Listening to music with manipulative play

A simple song to sing together

Picture book

Instrument play - handheld percussion for every child to explore

Circle dance or musical movement activity

Picture book

The Music Letterbox! Every child receives a special letter from the Music Letterbox.

For maximum 20 children per session.

Come to one session, or book for the whole series.

What the parents said...

"This is hands-down the highlight of our week.
My three-year-old asks for it every single day!"
Sarah, mum of two

"I wasn't sure what to expect when I first brought my daughter along, but from the moment she joined in the circle song, she was completely captivated. Penelope has such a natural way with little ones.
The class is so playful and fun. We're so grateful this program exists."
Priya, parent of a 4-year-old

"Great program, Penelope is lovely, the kids have a ball, and it's free.
Honestly, what more could you ask for."
Dani, mum

"As an early childhood educator, I was genuinely impressed by how intentionally the sessions are structured. The activities are fun but they're also building real skills of listening, coordination, turn-taking, and language. My son has come on enormously, and I've taken more than a few ideas home myself!"
Renata, mum and kindy teacher

"My little boy doesn't always cope well in group settings or with loud noise, but something about this music class just works. He lights up every Tuesday."
Jarrod, dad of 5-year-old

"I mostly came along the first time to get out of the house. But after 1 class I booked as many more as I could. The kids love the instrument time and it's amazing how they all sit so still and listen when Penelope sings the story! Big recommend from us."
Megan, mum of two
